Touching Lives

HopeHealth

Touching the lives of people coping with serious illness takes dedicated services and special support. At HopeHealth, that is our focus — providing innovative care with the utmost skill, compassion and respect. Established in 1981 as Hospice of Cape Cod, we were one of the nation's pioneer programs. Today as HopeHealth, we serve thousands of people each year — delivering a wide range of services throughout eastern Massachusetts and Rhode Island.

Our HopeHealth family of services in Massachusetts includes:

- Hope Hospice
- Hope Care for Kids
- Hope Dementia & Alzheimer's Services
- Hope Academy

The Hope Hospice Care Team

Hope Hospice care is delivered by a specially trained team. The hospice care team includes physicians, nurses, home health aides or hospice aides, social workers, chaplains and volunteers — all working together to meet the individual needs of each patient and family.

McCarthy Care Center

When acute symptoms cannot be safely managed in the home setting, Hope Hospice provides inpatient care in a partnering skilled nursing facility or hospital, or in our McCarthy Care Center (MCC).

Located in Sandwich, MCC is the area's only specially-licensed, hospice inpatient unit providing:

- Short-term acute care for symptom management and stabilization
- 24-hour nursing care and regular physician rounds
- Full hospice team support
- Private patient rooms with balconies and accommodations for families
- Living room, chapel, dining and reception areas

Visitors of all ages and pets are welcome anytime.

Hospice is About Hope

With years of experience providing trusted care and support, Hope Hospice is here for you — wherever you are, whenever you need us. We take the time to understand your specific needs so that you can enjoy the best qualities of life — as you define them.

Anyone with a potentially life-limiting illness or combination of illnesses may be eligible for hospice care.

Through a patient-centered and coordinated model of care, our care team attends to the unique physical, emotional and spiritual needs of each patient and their family. And we do this wherever you live — in a private home, long-term care facility, nursing home, assisted living community — or in the hospital.

The Hope Hospice Difference

At Hope Hospice, we're committed to making it easy to receive the care you deserve. That's why we created our unique **Open Door PhilosophySM**.

This philosophy means we work hard to reach and care for everyone who is eligible for hospice — regardless of the complexity of their care. We believe people are entitled to the full range of hospice benefits.

It also means we strive to help those who are eligible for hospice care at the earliest possible point in time. We listen and serve as your advocate to provide optimal care for you or your loved one's individual needs.

Our Mission

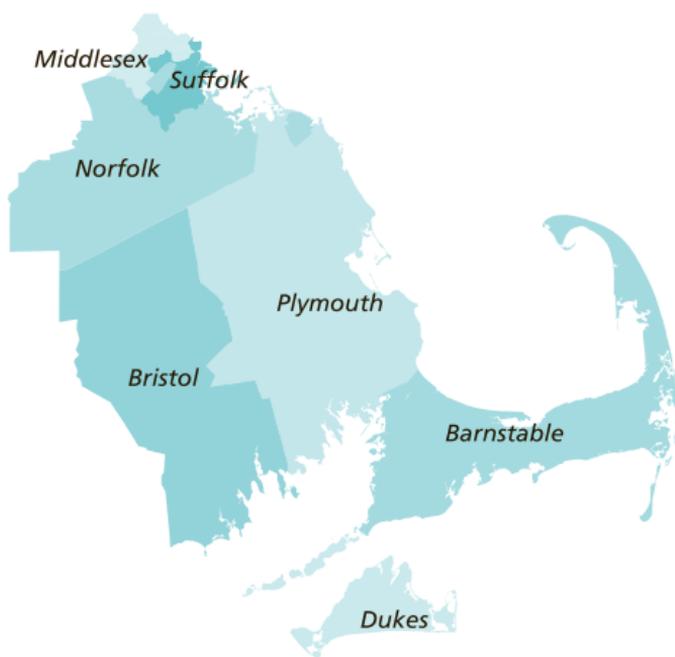

HopeHealth provides services that enhance the comfort and quality of life for people experiencing the impact of serious illness and loss.

You Can Help

Your support ensures that anyone who is eligible receives the services, care and support needed for the best possible quality of life.

As a community-based, non-profit 501(c)(3) organization, we depend on the generosity of many individuals, foundations and corporations.
