Grateful  Hearts

*Gratitude is more than a word or a gesture*

*“I was so impressed by the care I received from HopeHealth Visiting Nurse staff. The nurse and therapists were so compassionate and supportive. Because of them, I knew I was getting the very best care during my recovery from surgery, and for that I am very grateful.”*

— a grateful patient

## Grateful Hearts Program

At HopeHealth Visiting Nurse, the care of patients at home is at the heart of everything we do, and we are honored to have been able to care for you.

Every day, we hear about the countless ways HopeHealth Visiting Nurse caregivers touched the lives of the many patients they serve. Our Grateful Hearts program allows patients to express their gratitude to the members of the HopeHealth Visiting Nurse team who so thoughtfully provided gentle and effective care.

Your gift of thanks helps us to remain committed to our mission to improve the quality of life in the communities we serve.

## Honor Your Caregiver

You can participate in the Grateful Hearts program by making a gift in honor of someone from HopeHealth Visiting Nurse who cared for you at home. We'll send an acknowledgement card notifying them of your thoughtfulness and your gratitude for their exceptional care.

When making your gift, please share your story with us on the attached card. If you choose not to make a gift at this time, we are grateful for your acknowledgement of the HopeHealth Visiting Nurse staff who touched your life.
