Touching the lives of people

coping with serious illness and loss takes dedicated services and special support. At HopeHealth, that is our focus — providing the highest quality care with the utmost skill, compassion and respect. We serve thousands of people each year — delivering a wide range of services throughout Massachusetts and Rhode Island. HopeHealth's family of services includes hospice, palliative and home care.

Volunteer Opportunities

Volunteers
are special people
who share the common bond of
making a difference
in the quality of other's lives.

Being A Volunteer

Our caring volunteers come from all walks of life and have many different interests and talents. They are special people who share the common bond of making a meaningful difference in the life of others through direct patient interactions, grief support to bereaved families, community outreach, special events, fundraising, office support and by sharing their special talents. HopeHealth volunteers visit patients in their homes, nursing homes, hospitals and the HopeHealth Hultar Hospice Center. As a hospice volunteer, you can gain great personal satisfaction from knowing you have made an impact in another person's life.

A Community of Special People

Volunteers help thousands of families in Massachusetts and Rhode Island every year as they cope with end of life. As a HopeHealth volunteer you will be part of a very special community of people with whom you will have opportunities to meet and connect.
