

## Program Support

There is no charge to participate in our program, thanks to ongoing generous charitable support from the Lloyd G. Balfour Charitable Foundation, the Fred M. Roddy Endowment for Alzheimer's Program, the James J. and Kathryn F. Trier Endowment for Alzheimer's Assistance and other generous donor support.

## What Our Patients Say...

"I always felt I could call program staff when I needed to talk or to ask a question."

"We have no children. The aide who assisted my husband became like one of the family."

"I don't know what I would have done if I had not had someone who would come a few hours to stay with my wife. It gave me a chance to run errands, pick up groceries and I even got my haircut."

Expertise  
you can trust  
Support for caregivers

The Alzheimer's Disease Assistance Program was created in 2001 in response to the growing number of caregivers with a loved one living with dementia. The program is available free of charge thanks to the generosity of area foundations, endowments, businesses, and individual donors.

Our expert team helps connect people coping with Alzheimer's disease and other forms of dementia and their families with respite care options and support services if needed. Consider us a trusted resource to navigate what can be a complicated journey as the need for care intensifies.

## What Our Alzheimer's Disease Assistance Program Can Do

Our team of specially trained professional staff includes a licensed social worker and a registered nurse. We offer assistance to caregivers in the communities we serve at no charge including:

- In-home or adult day care health respite care options
- Coordination of care with multiple providers
- Monthly caregiver support group open to the public
- Skilled assessments of patient health status
- Guidance/recommendations for available community resources
- Outreach to caregivers via telephone and/or home visits
